Sold a home over \$1M in 2016 in Kailua Kona, HI.

Jonathan Kiger is extremely intelligent, reliable, resourceful, and typically goes the extra mile in meeting the needs of clients. He has done a very professionally extensive job in selling our house in Kona, the Big Island, and in the process solved a number of little problems (arranging for repairs, etc.) in the process. Additionally, beyond his dedication it is easy to see his empathy for others, including animals. Jonathan Kiger is an outstanding young man.

"We do not live on the islands so finding s agent was a daunting task as my first few calls went unanswered and unreturned. That was not the case with Jonathan, he listened to what we wanted sent numerous emails to us with what we wanted and finally took us out looking when we arrived on the island. He was knowledgeable and available in fact we did purchase a condo using his services and would not hesitate to use his services again. In fact when we came to receive our keys to our condo we asked about looking at some single family homes and he lined up a few for us to see just as promised."

"Jonathan gave us pointers on prepping the house for sale that were very useful to us, His team took a lot of photos for their website and brought a lot of traffic to our door. And found a qualified couple that loved the house and bought it."

It was a pleasure previewing properties on the Big Island with you. I have been a Real Estate Broker in California for over 35 years, and know a professional agent. You did a great job listening to our needs and wants, and delivered on all the properties that you showed us. When I asked a question, you always gave me an honest response. I would be willing to purchase almost any of the properties that you showed me. I am probably not quite ready at this time, but as soon as I am I wouldn't consider purchasing through anyone else. If you ever have anyone that would want a recommendation, don't hesitate to have them call me.

Sold a Single Family home in 2014 for approximately \$400K in Kailua Kona, HI.

Jonathan is very personable and easy to work with. He was always available to answer any questions and in a timely manner. We had a lot of showings and were lucky with the buyers as far as no financing issues and a 30 day closing.

Bought a home in 2013.

Jonathan was very helpful in our condo search on the Big Island. He showed us many properties with absolutely no pressure to buy. We finally found our perfect condo and Jonathan was very helpful with the financing, which was a bit stressful. He was always positive and helped me to see the light at the end of the tunnel. I highly recommend Jonathan!

Bought a home in 2014.

I thought Jonathan was a great to work with. He was able to get us smoothly to the end of our short sale purchase. He kept us informed as things slowly moved along with the bank. He was also realistic about the pitfalls that short sales can have. I would definitely use Jonathan and Hawaii 50 Realty again.

Bought a Single Family home in 2013 for approximately \$450K in Kailua Kona, HI.

Jonathan Kiger at 5 0 Realty in Kailua Kona is the best! He went out of his way to help me find the right place, followed through on anything that needed to be done to make the sale happen. He is very good with computers, (I'm not!), listens to your needs, and actually helped me to buy my home in Kona while I was living in California. He is honest, friendly and very helpful. I highly recommend him and all of the Hawaii 5 0 staff! Thank you Jonathan!

Bought a Condo home in 2012 for approximately \$150K in Kailua Kona, HI.

Friendly, smart, and very helpful! My wife and I have our own home in Hawaii thanks to Jonathan. He was very attentive to our needs and helped us even get the contractor to upgrade our appliances to stainless steel, which looks really nice. He was readily available and worked

hard to get us our home. Even when our loan was taking longer than expected he never gave up. We're thrilled!

Bought a Single Family home in 2013 for approximately \$475K in Kailua Kona, HI.

I spent 2 days with Jonathan reviewing properties and was impressed with his knowledge of the local area and expertise in proceeding with the offer and counter offer process. Jonathan showed me all the properties I wanted to see and some that I was unaware were on the market. He met all my expectations in the property search process and guided me professionally with the initial offer. The end result was a decision to buy a home at what turned out to be a very good price, much below the listing price.

Bought a Single Family home in 2012 in Overland Park, KS.

Jonathan did more than just show us properties for sale. He taught us about the local market, accommodated our schedules, helped us with negotiations and then provided resources and information we needed to complete our purchase. He took time before and after the purchase to explain the process. We would use him again and recommend him!

Bought a Condo home in 2012 for approximately \$150K in Kailua Kona, HI.

I'm very impressed with Jonathan Kiger as a real estate professional and also a person. His attitude is very upbeat and friendly, and very easy to get along with. He's quite the impressive man with an astounding amount of connections on the island, and will do whatever it takes to get you what you're looking for. Responses were prompt and always helpful and most importantly I truly felt that he never pushed a sale and genuinely wanted to get me the place of my dreams in paradise. HUGE SUCCESS!-Comes highly recommended from my mainland friends and I can't agree more, hands down the most connected and personable agent I've ever worked with.

Showed home in 2012 in Kahaluu, HI 96740.

Jonathan has been so very helpful helping us find a vacation home in Kona. He is a wealth of knowledge and so easy to work with. He responded to our questions promptly even if he had to research a bit to get the answer. Jonathan Kiger seemed as excited as we were to find the perfect property and took a real interest in our search. He worked within our budget and gave us just enough options to choose from in our limited time on the island. Jonathan is very well connected in Kona and knows who to talk too and how to make the best use of full day of house hunting! We would recommend Jonathan to anyone who is looking for property in Kona.
